

Giving that Gives Back: Supporting the Work of Presbyterian Medical Services

PMS supports the underserved, helping people in New Mexico who might otherwise go without health care and other basic needs. More than 100,000 people depend on us for care and services.

At PMS, we say we’re “Building a Healthier State” by meeting the needs of communities with primary care (medical and dental), human services (early education, behavioral health) and supportive living programs (hospice, senior programs).

With Your Help

To carry out these missions, we rely on good people and good hearts. PMS can not sustain our important work without charitable donations. Your donation can support any PMS program, for example:

- Children's services at the Head Start sites
- Medical, dental, and behavioral health services at community health centers
- Home health care for patients needing support during extended illnesses
- Vocational services for adults with disabilities
- Hospice care for those with terminal illnesses

Ways to Help

Your donation* can do wonders! There are many gifting mechanisms that will allow you to support PMS' mission. If you would like to make a donation today, simply complete this FORM and return it with your donation. If you would like to meet with a PMS Representative to discuss various options, please contact Joseph Ptacek, Executive Director PMS Foundation at (505) 954-2302. PMS can not provide you with direct tax or estate planning advice, so we encourage you to consult with your own attorneys or tax advisors. However, we are happy to work with you and your advisors to determine which type or types of gifting arrangements will best meet your goals.
